Evergreen to Attend Pacific West Biomass Conference and Trade Show

(EUGENE, Ore.) – Look for Evergreen Engineering in booth 105 at the Pacific West Biomass Trade Show in Seattle, Washington from January 10-12, 2011. The event will bring together current and future producers of biomass-derived electricity, industrial heat and power, and advanced biofuels with waste generators, aggregators, growers, municipal leaders, utility executives, technology providers, equipment manufacturers, investors and policy makers.
